About the Invitation to Participate in "FMA China 2022 and International Import & Export Food Policy, Laws and Regulations Summit"

All Member units and related enterprises:

The importance of the food import and export industry has become increasingly prominent. Internally, it is an important guarantee for supplying domestic demand, adjusting prices and increasing the diversity of national consumption; externally, it is an important grasp on leading the international cycle and promoting China's industrial transformation and upgrading. Meanwhile, the food import and export industry involves food safety, trade circulation, cold chain logistics, production and processing, catering consumption and other links. China International Food, Meat and Aquatic Products Exhibition (FMA China) is an international professional exhibition approved by the Ministry of Commerce. Over the years, it has been supported and participated by the former AQSIQ, the General Administration of Customs, the General Administration of Market Supervision and other relevant departments. The exhibition is sponsored by China Entry Exit Inspection and Quarantine Association. After years of precipitation and accumulation, FMA China has become a professional international procurement fair in the field of imported meat products and fresh food in China and an important platform for overseas enterprises to expand the Chinese market. The exhibition area has accumulated more than 100,000 square meters, attracting thousands of enterprises from 40 countries and regions around the world to participate in the exhibition, and more than 200,000 professional visitors attended the meeting in person.

As one of the central cities in Guangdong-Hong Kong-Macao Greater Bay Area, Shenzhen continues to be the "vanguard" of reform and opening up, goes deep into the hinterland of reform and opening up, touches the pulse of reform and opening up, and decrypts the password of reform and opening up. In order to deepen the implementation of China's reform and opening-up policy, further strengthen the cooperation among countries in the field of food, meat and aquatic products, and promote the development of world economy and trade, FMA China will hold "The 6th China International Food, Meat and Aquatic Products Exhibition 2022 and International Import & Export Food Policy, Laws and Regulations Summit" in Shenzhen Convention and Exhibition Center from May 11 to May 13, 2022. The Science and Technology Research Center of the General Administration of customs, the International Inspection and Quarantine Standards and Technical Regulations Research Center and the Development Research Center of the State Administration of Market Supervision will strongly support the exhibition as supporting units. The exhibition will be specifically undertaken by Yide International Expo

Shenzhen Co., Ltd. This expo will fully combine the resources of the association and the regional advantages of Guangdong-Hong Kong-Macao Greater Bay Area, extend the whole industrial chain, connect with high-quality suppliers and purchasers, create a new one-stop procurement and exchange platform for Asia's first-class import and export meat, aquatic products and so on,, and promote the rapid development of import and export food industry. The relevant matters are as follows:

VI. Related activities:

The 6th International Import & Export Food Policy, Laws and Regulations Summit 2022 will still be the first important event of FMA China 2022. With the lineup of the highest standard international conferences in the field of China's import and export food, it will continue to highlight the great importance attached by the Chinese government and society to the safety of import and export food. The exchange meeting will, as always, publicize the latest food safety laws and regulations, quality control measures and export policies to China of relevant countries in the world, and discuss issues such as imported food registration and import and export food safety management measures concerned by relevant overseas organizations and enterprises, so as to provide a green channel and exchange and cooperation platform for expanding the Chinese market. At that time, the conference will also jointly hold thematic sub forums with China Customs science and technology research center of the General Administration of customs, development research center of the State Administration of market supervision, international inspection and quarantine standards and technical regulations research center of the General Administration of customs and China entry and exit biosafety research association.
